Fire Department  
Position Taskbook

This Position Task Book (PTB) has been developed to document the required performance objectives for **VOLUNTEER FIREFIGHTER BRIDGE** Qualification. Each objective lists the performance requirements (tasks) in a format that allows the individual to be evaluated against written guidelines. Successful performance of all tasks, as observed and recorded by a department approved evaluator, will result in a recommendation to the Fire Chief (or designee) of the fire department that the firefighter be certified in that position.

Evaluation and confirmation of the individual's performance of all tasks may involve more than one evaluator. It is important that performance be critically evaluated and accurately recorded by each evaluator. All tasks must be evaluated before recommending certification. All statements within a task which require an action must be successfully demonstrated before the task is to be signed off.

The local fire department shall issue the entire task book to each member seeking QUALIFICATION as a, **VOLUNTEER FIREFIGHTER BRIDGE**, and by using the list found on pages four and five of this task book verifies completion of training.

**RESPONSIBILITIES**

The Fire Chief or his/her authorized designee shall ensure that the evaluators are: Qualified to check off the skills in the task book for this level.

PTB. Individuals may not sign off on themselves.

The Training Chief is normally the designated final evaluator and he/she will review each completed PTB with the Fire Chief or Designee.

The "Evaluator" CANNOT teach or coach while he/she is evaluating. The "Evaluator" cannot have taught the skill to the candidate.

The Student is responsible for:

Ensuring supporting documentation is attached. If skill is accomplished orally, a brief summary should be written and attached for the task performed.

Reviewing and understanding instructions in the PTB.

Identifying desired objectives/goals.

Satisfactorily demonstrating completion of all tasks. Assuring the Evaluation Record is complete.

Notifying his/her "Company Officer/Leader" when the PTB is complete and providing a copy for his/her department records.

The Evaluator is responsible for:

Being qualified and proficient in the position being evaluated.

Explaining to the student the evaluation procedures that will be utilized.

Identifying tasks to be performed during the evaluation period.

Accurately evaluating and recording demonstrated performance of tasks. Satisfactory performance shall be documented by dating and signing after completion of the task.

The Final Evaluator is responsible for: Signing the verification statement inside the front cover of the PTB when all tasks have been initialed and the student is recommended for testing and certification.
